Patients with osteoarthritis can be challenging to treat because of issues from clinical obesity to difficulty tolerating corrective force. The OA Restore brace utilizes a rigid frame and unique hinging to help stabilize the knee and ultimately provide relief and delay more aggressive treatment — restoring your patients to living everyday life.
Indications

• Patients diagnosed with mild to moderate medial or lateral osteoarthritis (OA), as well as patients who have OA in combination with ligament instability.
• Functional support to a knee that is deficient of ligament support and or has cartilage damage.
• Provides structural corrective forces that correct and or unload the medial or lateral aspect of the knee joint.
• Unicompartmental osteoarthritis.
• Significant flexible or fixed varus or valgus that requires a corrective or controlling force applied.

Features and Benefits

• A rigid shell design applies corrective forces and helps off-load the compartment.
• A dual hinge design distributes load more effectively, a significant advantage for the patients who have OA and knee instability.
• Unique arthrokinematic motion hinges help to ensure the brace stays properly positioned on the leg.
• Patented suspension technology captures more anatomy by using the top of the calf muscle group as a natural shelf.
• Patented tool-less Corrective Force Technology allows practitioners to shift the angle of the femoral shell easily and conveniently.
• Anti-rotational design creates a more intimate fit than other manufacturers’ braces that have a rounded anterior or posterior tibia shell.

Warranty and Ordering Information

The OA Restore warranty is 12 months. To order or learn more, contact your Sales Representative or call Ottobock at 800 736 8276.

How to Order

**Standard** Part No. Example: 50K29=R-M-7
50K29 (product number) =R (right side) -M (size) -7 (black)

**CI Package** Part No. Example: 50K29=R-M-7-C
50K29 (product number) =R (right side) -M (size) -7 (black) -C

**Semi Custom** Part No. Example: 50K29=Semi (send with order form)

**Custom** Part No. Example: 50K29=C (send with order form)

**Accessories**

Suspension Sleeve
29K193 = XS/S
29K193 = M/L/XL
29K193 = XXL/XXXL

Cover
29K194 = XS/S
29K194 = M/L/XL
29K194 = XXL/XXXL

Frame color options: • Black -7 • Green -3
